

Ayrshire Eco-Congregation Network
Invite you to

ECO FAIR 2011

Saturday 22nd October
10am – 1pm

Saltcoats New Trinity Church Halls

Hear about a “**LOW CARBON CHURCH**”
and what you can do about climate change

Learn more about how environmental issues relate to faith

Get involved with the community and young people on this issue

Get involved and active with Eco-Congregation Scotland:

- **Low Carbon Church** - find out how to save money and energy in your church buildings from a church that has done it! A talk by Mike Adams, (Treasurer of St Ninian's Old Parish Church, Stirling)
- **The Energy Agency** - free information and advice about what you can do at home to cut fuel bills and carbon
- **Fair Trade** - products to buy and advice about setting up your own FT stall
- **North Ayrshire Council Waste Awareness Group** - reduce, reuse, recycle, what goes in which bin and where does it all go?
- **Fairlie Organic Growers** - grow your own locally and save food miles
- **Transition WK** - looking at more sustainable ways to live and work
- **A Rocha Scotland** - an international Christian environmental organisation with books and resources to help make the link between our Christian faith and environmental action
- **CONCH** - a community-led campaign against the proposed building of a £2bn coal-fired power station at Hunterston

Fair Trade Teas and Coffees available
