Be Part of the Future of TES

6.00 p.m. on Wednesday
27th June

Robertson Suite, Eric Liddell
Centre

TES will be holding an evening of 'visioning' in order to plan out our future direction. Come along and help shape what TES can achieve in our local community over the next few years.

Bring sandwiches and lots of ideas.

See you there!

Transition Edinburgh South aims to inspire and facilitate people and communities to lower their carbon footprint and increase their resilience and sustainability to the challenges of Climate Change and resource constraint in a creative way.
