

EVERYONE CAN GET HELP.

Whatever your circumstances, we have lots of different ways to save you money on your heating bills. We offer expert energy advice to everyone. In fact, we've helped over 230,000 households reduce their annual fuel bills since April 2009.

WE'VE CARRIED OUT OVER 24,000 HEATING INSTALLATIONS.

Here is just a small selection of people we have helped save money on heating. Give us a call today to see how we could help you too.

"ONLY TWO WORDS WOULD DESCRIBE THIS – ABSOLUTELY MARVELLOUS – AND IT'S MADE SUCH A DIFFERENCE TO OUR HOME."

Mrs Bissett, age 67, Isle of South Uist.

"I AM SO MUCH WARMER NOW. IT'S MADE A DIFFERENCE TO MY HEALTH AND I'M MUCH HAPPIER."

Mrs Mary Carmichael, age 47, Glasgow.

MAKE YOUR WINTER WARMER.

When the weather is turning colder, it makes sense to plan and prepare with free money-saving help from the Scottish Government. As well as advice about how to cut your energy bills, you could be eligible to receive insulation, a new boiler or even have a full central heating system installed at no cost. So you can keep the heat in and stay warm and cosy.

BRIGHT IDEAS ON SAVING ENERGY, SAVING MONEY AND STAYING WARM.

As well as offering help with new central heating systems, boilers and insulation, the Home Energy Scotland Hotline can offer you help and advice you can trust to make your home easier to heat and save you money.

YOUR HOME'S INSULATION TAKEN CARE OF.

Your home will lose heat easily if it isn't properly insulated – over 50% of the heat is lost through the roof and walls. Proper insulation is one of the best ways to save money and stay warm. You may be able to have your home professionally insulated at reduced cost or **no charge**, meaning big savings every year.

CENTRAL HEATING OR A BOILER AT NO COST TO YOU.

If you have no central heating or an old system, you could be paying more for your energy than you need to. If you qualify, we may be able to install central heating or a modern, efficient boiler at no cost to you – an effective way to lower your household energy bills **and** be kinder to the environment.

IF YOU CAN SAY YES TO ANY OF THE FOLLOWING QUESTIONS, WE WANT TO HEAR FROM YOU.

- DO YOU FIND YOUR HOME EXPENSIVE TO HEAT?
- ARE YOU A HOMEOWNER OR A PRIVATE TENANT?
- DO YOU RECEIVE BENEFITS, HAVE CHILDREN UNDER 16, OR ARE YOU PREGNANT?
- ARE YOU AGED 60 OR OVER?

3 STEPS TO A WARMER WINTER.

- 1** CALL THE HOME ENERGY SCOTLAND HOTLINE ON 0800 512 012.
- 2** WE'LL GIVE YOU FREE ENERGY SAVING ADVICE AND SUPPORT TO LOWER BILLS AND MAYBE EVEN BOOST YOUR INCOME.
- 3** YOU MAY EVEN RECEIVE INSULATION, A NEW BOILER OR HAVE CENTRAL HEATING INSTALLED AT NO COST TO YOU FROM THE SCOTTISH GOVERNMENT.
