

**Church Wildlife Workshop.
Carse of Gowrie Swift Conservation Project.**

Saturday, 14th September 2013: 10:00am to 1:00pm (pre-booking essential). Inchture Church, Main Street, Inchture.

We are fortunate in bringing together a range of speakers to help give you an insight into the importance of both churches and graveyards for wildlife. Weather- and time-permitting, we hope to also tour the church and graveyard with "the experts" to see a familiar place with new eyes. There will be plenty of time to ask questions and everyone will be given an information pack to take away.

10.00am	Arrival and refreshments	
10.15am	Introduction to the Green Graveyard Initiative - the basics of graveyard biodiversity	Catherine Lloyd, Tayside Biodiversity Partnership
10.40am	Swift Conservation in the Carse - how churches can help	Daniele Muir, Carse of Gowrie Swift Conservation Project Officer
11.00am	Bats in Churches	Amanda Wilson, Tayside Bat Group
11.20am	Bugs in the Graveyard - and Garden	Suzanne Bairner, Buglife Scotland
11.40am	Q&A Session	
12.00pm	Tours of the Church and Graveyard with the Experts: see a familiar place with new eyes	All speakers

This event is free of charge – all are welcome but places are limited and will be available on a first-come, first served basis. Please contact taysideswifts@yahoo.co.uk for a booking form. If you would like to bring a packed lunch, please feel free to do so.

The Carse of Gowrie Swift Conservation Project is being run by the Carse of Gowrie Sustainability Group in conjunction with Tayside Biodiversity Partnership and funding from the SITA Tayside Biodiversity Action Fund.
