MONEY MATTERS

A talk by Jean Carletta and Gerry Brown

**Monday 24 February 2014
7.30 – 9 pm**

**Church Centre,
Christ Church Morningside,
6a Morningside Rd, Edinburgh EH10 4DD**

We, and our churches, all have to use money and try to save it for a rainy day, but should we worry about what affect that has on our world? Jean and Gerry will be talking about the pros and cons of "positive investment" and "social accounting", ways to make our money work to help the environment and society. We expect lively discussion and, if you have any, we hope that you will come along with your own "hot tips" to share!

EVERYONE WELCOME!
