FRACKING

sensible solution or disastrous development?

A talk and discussion led by Adrian Shaw,
the Church of Scotland's Climate Change Officer

This is an important debate and central to the future of our energy use and responding to climate change. What does it mean for you and what do you think we should do? A big question - but one that eco-congregations should consider.

Wednesday 1st October 2014
7.30 - 9.00pm

St Cuthbert's Parish Church,
5 Lothian Road, Edinburgh EH1 2EP

All very welcome!
