

# GENERATE YOUR OWN ENERGY

Have you ever thought about generating your own electricity and **saving money on your electricity bills**? Want to find out more? Then we can help.

Home Energy Scotland is a **free impartial advice service** funded by the Scottish Government. We are here to help by making the installation of solar panels and other renewable technologies as easy as possible.

**Come along to our solar event - we can:**

- arrange for one of our renewables advisors to visit your home to provide tailored advice
- suggest which renewables system would best suit your home and family
- provide information on all the financial incentives and support available
- explain how to get accurate estimates and how to choose who to do the work

**THURSDAY 25 SEPTEMBER**

**ANYTIME BETWEEN: 3-8PM**

**BRAID HILLS HOTEL, 34 BRAID ROAD, EDINBURGH, EH10 6JD**

Come along on the day and have a chat with us, phone: 0808 808 2282, text: "Warm" to 81025 for a call back,
