

SCOTIA SEEDS

We would like to invite you to Mavisbank, our wildflower farm, on Friday 12th June, for guided walks around our meadows & native Scottish plant crops.

As we are not usually open to the public this is a great opportunity for us to meet you & for you to see our collection of over 100 native Scottish wildflower species growing here in our fields as well as our meadows, native woodland & ponds.

You will also be able to discuss your own new or established projects with Scotia Seeds staff. Drop in for walks between 11am & 4pm with time to explore our farm in between.

If you would like to find out more then please just ring us, drop us an email or a line in the post .
