Decision-making

- What was your motivation for making these changes?
To rationalize our heating arrangements
- Did you receive the Resource Efficient Scotland SME loan or any other financial assistance? None whatsoever a source of a bit of anguish

Impacts:

- Are you happy with the system? Yes
- What cost savings are there? Our heat and light has gone down from £3000 to £900
- Are you receiving FITs or RHI? Having fits yes but short lived
- Have these changes encouraged energy efficiency behaviours? Very much so!
- Are there other benefits? Congregation is warm and we have real control of our space.

Sharing your experience

- Are you happy to show the system to others? No we have no staff
- Or would you prefer to only talk about it over the phone? Yes

Going forward

- Do you plan on making any further changes? Not really.
